Note to all MGA members

Over the past year and after much discussion, the MGA instituted a score posting guideline as a requirement to participate in MGA events to insure that all players in a MGA event are given a fair chance in net-score formats. The MGA board unnaminously voted that 75% of a player's scores for rounds on ForeTees (beginning November 1, 2026) be required to participate in a MGA event

The October and November 2026 tournaments were the first and second of this season and announcements were made to make players aware of the posting requirement. On December 9, we are having our third event of the season; however, to insure adequate notice to players, the MGA board voted that all MGA members will be allowed to play, but those players below the 75% posting requirement will not be eligible for pro shop credits nor points for the season-long cup. If you are paired with a below 75% player and your team qualifies for pro shop credit, those players on a team will still participate in any pro shop credit. The same applies for non-flight winners, such as closet to the hole, in that the below 75% player will not receive pro shop credit.

There were 286 MGA members as of November. As of this date:

- 82 members have not entered a tee time on Mission Valley's ForeTees
- 35 members or 17% are below 50% posting of rounds
- 27 members or 13% are between 50-75% posting of rounds
- 142 members or 70% are meeting the 75% posting level and will eligible for a payout

To review your posting percentage of rounds played, log onto the MGA website and scroll down towards the bottom of the Home page, look for HDCP INFO. Your % posted will appear, with your name, in either green (above 75%), yellow (75-50%) or red (below 50%). If there are unposted scores for rounds played since November 1, 2026, you can discuss with Brian about overlooked postings in the pro shop.

Please post your scores after each round. When posting scores, please post for the day of play as scores from another day will reflect that a socre was not posted for a round on ForeTees.

Dated: Novemer 24, 2026

Ed Glasheen
MGA President
